Project Abstract V1

Prof. Jigar Pandya • Mar 2 (Edited Mar 2)

Due Mar 4

FileName: ProjectAbstract_CE001_CE002_CE003.docx (Replace numbers in sorted order of all team members)

Create a brief story line about all of your work so far and let us consider this as project abstract. Attach all of your training/work so far to business domain/domain of your company very much like a full-fledged project. Note that you can be working on project or modules from various projects or features applicable to various modules of various projects. Project abstract is about your work done applicable to a bigger picture.
