Vinod: Welcome to Oracle Cloud Chat. My name is Vinod. How may I assist you today?

Vinod: Hello Jigar

Jigar Pandya: Hi

Jigar Pandya: I have configured a BDS cluster.

Jigar Pandya: I want to stop the service and start again at a later stage to save on credit.

Jigar Pandya: Is there a way?

Jigar Pandya: I am only seeing terminate option.

Vinod: Please provide the cloud account name/ identity domain name.

Jigar Pandya: jigarpandya

Jigar Pandya: bds cluster name entangle

Vinod: Let me check, Please give me a moment..

Jigar Pandya: sure.

Vinod: It is not possible to stop the service, the only option is to Terminate and re create later..

Jigar Pandya: For recreating later are there any automated options. i.e. save an image or so?

Vinod: No, you need to follow the same procedure to create, there are no automated options to save the details..

Jigar Pandya: Not an easy acceptance. But its okey. May live with it or find alternative. Thanks.

Vinod: You are welcome, Apart from this, anything else may I help you today?

Jigar Pandya: That is it for now. Thanks.

Vinod: Sure, you are most welcome. Please contact us again in case you need further assistance. Thank you for chatting with us. Have a good day. Stay Safe!
