Acknowledgement to K&R

Dennis Ritchie,
Father of C Programming

Dennis Ritchie, the inventor of C programming language and co-developer of UNIX operating system.

Image Source: https://en.wikipedia.org/wiki/Dennis_Ritchie

The Turing Award is the highest recognition in the Computer Science field world wide. Dennis Ritchie and Ken Thompson jointly received the Turing Award – 1983 for development of operating systems theory and implementation of the UNIX using C.
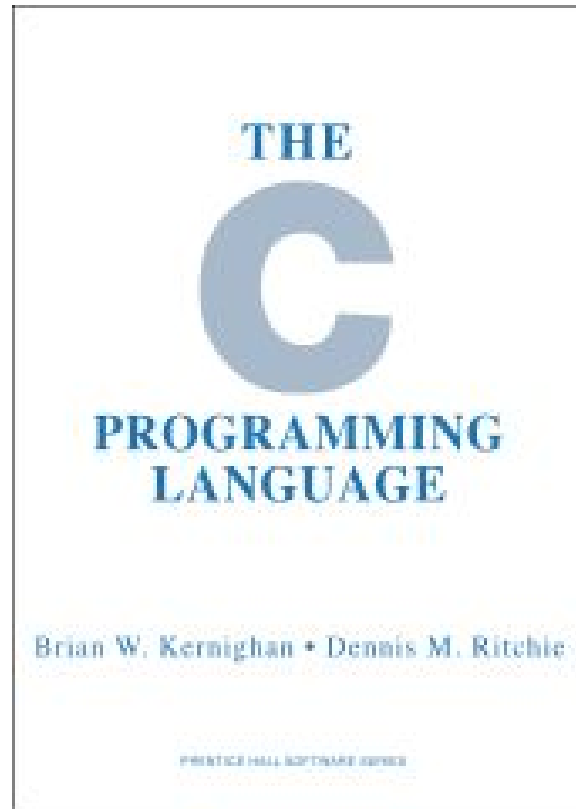

The Book

By, Brian W. Kernighan and Dennis M. Ritchie

Image Source: https://en.wikipedia.org/wiki/C_(programming_language)#K&R_C

The book described C Programming language for the first time in the written form. Later C was standardized and accepted as ANSI C.

The book content still is on a par with the best for learners.
